Quintessentially Art Patron Programme

The Quintessentially Art Patron Programme is an annual membership which engages art collectors and enthusiasts with a dynamic seasonal itinerary of access to the most coveted VIP art experiences and backstage events. Quintessentially Art also offer a bespoke service that includes guided tours of major exhibitions, VIP access to art fairs, visits to world renowned artists' studios and private collectors' homes.

Though the focus of the Patron Programme is Fine Art, we like to celebrate creativity and luxury in all its forms. Through inspiring experiences with distinguished fashion designers, exceptional architecture and design artists and revered theatre specialists, our Patrons explore diverse forms of aesthetic innovation.

In addition to enhancing our Patrons' appreciation and understanding of art, a percentage of each membership is also donated to the wonderful charity Make a Wish UK (with a special focus on Art of Wishes). The charity component is very important to us as it ensures our cultural programming serves the wider community.

At Quintessentially Art we offer intimate and enlightening private tours at a selection of London's most prestigious art institutions. Upon request, we can arrange bespoke tours in the permanent or temporary exhibitions of the Royal Academy of Arts, Tate Modern, Tate Britain, The National Gallery and the Victoria & Albert Museum.

Using our global network of partners and expert guides, Quintessentially Art can also develop unique art-based itineraries for members travelling anywhere else in the world, so they know the best things to do and see.
